

Commercial Property Insurance

All types of businesses need commercial property insurance. Whether you are a home-based business, rent a store, or own the building you need protection from potential risks such as fire, theft or natural disasters.

Commercial Property coverage we provide:

If something happens, everything in your building is covered including:

- Furniture
- Equipment
- Computers
- Inventory
- Exterior Signs
- Documents

We offer several types of commercial insurance:

Did you know?

If you're running a business from home, Commercial Property Insurance offers better coverage than your Homeowners Insurance Policy?

Crime Insurance

Equipment Breakdown Insurance

Commercial Flood Insurance

Inland Marine Insurance

Ocean Marine Insurance

Business Interruption Insurance

Primary Commercial Insurance Policies

Crime Insurance

Crime Insurance covers and protects you in areas that commercial insurance doesn't usually cover. It protects the property and employees inside your business from dishonest acts of theft or robbery of property and money.

Equipment Breakdown Insurance

Equipment breakdown isn't just counterproductive- it can also damage your business and profits. Equipment breakdown coverage can keep your business running by covering the cost of repairing or replacing damaged equipment. If the breakdown causes a business interruption it can also cover income losses for that time.

Commercial Flood Insurance

Whether you're on the coast or more inland- flooding can happen. Most business insurance policies don't cover the damage of flooding. Our flood insurance covers the property inside and outside your building.

Inland Marine Insurance

If you transport goods, material, or equipment on land via train or truck you need to have Inland Marine Insurance. It protects your property during transport, or if you have property stored in off-site locations it protects that as well.

Business Interruption Insurance

Can't conduct business due to property damage? Business interruption insurance can help to replace lost income if you are unable to conduct business due to a covered property damage.

Ocean Marine Insurance

Protect your goods and equipment on ocean transport with Ocean Marine Insurance.
